School Board

(Continued from Page One) revealed that several obstacles in the purchase contract must be removed before the School District will purchase the property for a reported price of \$93,000.00.

It is on this site that the second High school is scheduled to be built.

Other board business included ratification of employment of three additional custodians and a clerk. Also ratified was the employment of three elementary school teachers and one substitute elementary school teacher.

The Board requested that the Los Angeles County Board of Supervisors sell the recently voted school bonds early in May. It was pointed out the bonds will be dated June 2, 1952.

It was disclosed that \$76,670.00 has been spent during this fiscal year for the employment of specialized administrative advisors. Dr. J. H. Hull pointed out that this is only 5 1/2% of the budget.

Bids were awarded for the erection of roadway bleachers for \$16,500.00. The bleachers will accommodate approximately 1,232. Other bids awarded included the purchase of 6 pianos at \$489.00 each, and the construction of two incinerators.
